sp—special communication
x-correction

Adenocarcinoma. Adenocarcinoma of the stomach: a plea for early diagnosis (Godreau & others) 171-br

Adenoma, Pituitary. Transient cerebrospinal fluid rhinorrhea, blurred vision, and headache as presenting symptoms of pituitary adenoma (Bell) 347-br

Aged. Preoperative evaluation of the elderly (King) 251-r

The prevalence of selected chronic diseases among the Mexican-American elderly: data from the 1982-1984 Hispanic Health and Nutrition Examination Survey (Espino & others) 217-oa

Agglutination Tests. The effects of the rapid strep test on physician management of streptococcal pharyngitis (Bryars & others) 139-oa; McIntyre 371-c; (Mohaupt) 478-c

Experience with rapid latex agglutination testing for group A streptococcal pharyngitis in a pediatric group office laboratory (Wiedermann & others) 79-oa

AIDS Virus. see HIV

Alcoholism. Anxiety and substance use disorders: the treatment of high-risk patients (Landry & others) 447-r

Ambulatory Care Facilities. Reorganizing a family practice center: strategy to save a residency program at a financially troubled hospital (Matthies) 27-mp

American Board of Family Practice. Board news (Young) 64-bn, 127-bn, 194-bn, 275-bn, 370-bn, 475-bn

Isn't it time for one family of generalists (Kazal) 196-c

Analgesia, Epidural. Intrapartum intervention and delivery outcome in low-risk pregnancy (Olson & others) 83-oa

Anemia. Temporal arteritis: an atypical presentation (Nuovo) 115-br; (Young) 122-ec

Temporal arteritis with normal erythrocyte sedimentation rate (Ganiats) 119-br; (Young) 122-ec

Antihistaminics. see Histamine H1 Receptor Blockaders

Anxiety Disorders. Anxiety and substance use disorders: a primer for primary care physicians (Landry & others) 47-r

Anxiety and substance use disorders: the treatment of high-risk patients (Landry & others) 447-r

Buspirone effect on tobacco withdrawal symptoms: a pilot study (Robinson & others) 89-oa

Armed Forces Personnel. see Military Personnel

Arteritis. Temporal arteritis: an atypical presentation (Nuovo) 115-br; (Young) 122-ec

Temporal arteritis with normal erythrocyte sedimentation rate (Ganiats) 119-br; (Young) 122-ec

Arthritis. The prevalence of selected chronic diseases among the Mexican-American elderly: data from the 1982-1984 Hispanic Health and Nutrition Examination Survey (Espino & others) 217-oa

Septic arthritis associated with chickenpox (Feierabend) 457-br

Astemizole. A large-scale, office-based study evaluates the use of a new class of nonsedating antihistamines (Solin) 68-c; (Stelmach) 69-ac

Birth Control. see Family Planning

Blood Pressure. Dietary calcium supplementation as a treatment for mild hypertension (Tanji & others) 145-oa; (Feighner) 477-c; (Goldman) 478-c; (Tanji) 478-ac

The effect of pseudoephedrine on blood pressure in patients with controlled uncomplicated hypertension: a randomized double-blind, placebo-controlled trial (Bradley & others) 201-oa

Blood Sedimentation. Temporal arteritis with normal erythrocyte sedimentation rate (Ganiats) 119-br; (Young) 122-ec

Board News. see American Board of Family Practice

Book Reviews. *Atlas of Allergies* (Fireman & Slavin) [Larsen] 377-bkrv

The Cardiac Rhythms—A Systemic Approach to Interpretation (Phillips & Feeney) [Norris] 200-bkrv

Clinical Sports Medicine (Grana & Kalenak) [Fields] 282-bkrv

Conn's Current Therapy 1991 (Rakel) [McNabb] 378-bkrv

Current Medical Diagnosis and Treatment, 1991 30th ed. (Schroeder & others) [Bray] 379-bkrv

Diabetes Mellitus: Diagnosis and Treatment 3rd ed. (Davidson) [Fennell] 378-bkrv

Difficult Medical Management (Taylor) [Norris] 375-bkrv

Ethical Practice in Clinical Medicine (Ellos) [Hennen] 379-bkrv

The Family Practice Desk Reference 2nd ed. (Driscoll & others) [Henrickson] 282-bkrv
The Family Practice Handbook, University of Iowa (Littler & Momany) [Norman] 200-bkrv
Guide to Clinical Preventive Services: An Assessment of the Effectiveness of 169 Interventions. Report of the US Preventive Services Task Force (Fisher) [Heidrich] 280-bkrv
Infection Control in the Child Care Center and Preschool (Donowitz) [Davis] 376-bkrv
Management of Heart Failure. A Clinic Manual (Cohn & Kubo) [Fox] 377-bkrv
Managing Contraceptive Pill Patients 6th ed. (Dickey) [Acheson] 376-bkrv
Medical Choices/Medical Chances: How Patients, Families, and Physicians Can Cope with Uncertainty (Bursztajn & others) [Goldsmith] 281-bkrv
Minimizing Medical Mistakes: The Art of Medical Decision Making (Riegelman) [Spann] 375-bkrv
Practical Fluids and Electrolytes (Krieger & Sherrard) [Black] 281-bkrv
Practical Strategies in Outpatient Medicine 2nd ed. (Reilly) [Bergman] 280-bkrv
Private Practice: A Guide to Getting Started (McCue & Ficalora) [Pugno] 376-bkrv
Textbook of Family Practice (Rakel) [Pugno] 281-bkrv
Brain-Enhanced Estrogen Delivery. Contraception—a look forward, part III: inhibin and brain-enhanced estrogen delivery (Woolley) 159-r; (Stanford) 277-c; (Woolley) 278-ac
Brief Reports. Adenocarcinoma of the stomach: a plea for early diagnosis (Godreau & others) 171-br
Cat-scratch disease associated with erythema nodosum (Pocock & Katner) 345-br
Collagenous colitis as a cause of chronic diarrhea (Henley) 55-br
Hypothyroidism resulting from generic levothyroxine failure (Dong & Brown) 167-br
Occult hereditary spherocytosis and human parvovirus infection (Cutlip & others) 461-br
Pancytopenia associated with hypothermia (Daly & Rosenfarb) 123-br
Penile fracture (Brotzman) 351-br
Perinatal testicular torsion (Zuber & Mohamed) 259-br
Post-transfusion purpura (Vincent & Willett) 175-br; (Greenway) 477-c; (Vincent & Willett) 477-ac
Septic arthritis associated with chickenpox (Feierabend & others) 457-br
Sinusoidal fetal heart rate pattern after administration of nalbuphine (Zeller & others) 261-br
Squamous cell carcinoma of the ear masquerading as malignant otitis externa (Varma & Parler) 263-br
Temporal arteritis: an atypical presentation (Nuovo) 115-br
Temporal arteritis with normal erythrocyte sedimentation rate (Ganiats) 119-br
Transient cerebrospinal fluid rhinorrhea, blurred vision, and headache as presenting symptoms of pituitary adenoma (Bell) 347-br
Vasa previa: an unusual cause of fetal distress (Bright & Becker) 465-br
Burnout, Professional. Converting the stress of medical practice to personal and professional growth: 5 years of experience with a psychodynamic support and supervision group (Eubank & others) 151-mp; (Gulledge) 157-ec
Buspirone. Buspirone effect on tobacco withdrawal symptoms; a pilot study (Robinson & others) 89-oa
Calcium, Dietary. Dietary calcium supplementation as a treatment for mild hypertension (Tanji & others) 145-oa; (Feighner) 477-c; (Goldman) 478-c; (Tanji) 478-ac
Cambodia. Intestinal parasites in Cambodians: comparison of diagnostic methods used in screening refugees with implications for treatment of populations with high rates of infestation (Lurio & others) 71-oa
Carcinoma. Adenocarcinoma of the stomach: a plea for early diagnosis (Godreau & others) 171-br
Squamous cell carcinoma of the ear masquerading as malignant otitis externa (Varma & Parler) 263-br
Cat-Scratch Disease. Cat-scratch disease associated with erythema nodosum (Pocock & Katner) 345-br
Cerebrospinal Rhinorrhea. Transient cerebrospinal fluid rhinorrhea, blurred vision, and headache as presenting symptoms of pituitary adenoma (Bell) 347-br
Certification Examination. Board news (Young) 370-bn
Chickenpox. Septic arthritis associated with chickenpox (Feierabend) 457-br
Cholesterol. Are oat products effective cholesterol lowering agents? (Nuovo) 229-r
Guest editorial: blood cholesterol lowering in elderly patients (Froom) 61-e; (Crouch) 196-c; (Froom) 198-c
Low high-density lipoprotein cholesterol and other coronary heart disease risk factors in patients with total cholesterol levels greater than 5.17 mmol/L (200 mg/dL) in family practice. (CEN) 285-oa
The real enemies: obesity, inactivity, and tobacco consumption (Froom) 269-e
Screening 1140 fifth graders for hypercholesterolemia: family history inadequate to predict results (Kelly) 69-c; (Bell) 70-ac
Cholestyramine. How effective is drug treatment of hypercholesterolemia? A guided tour of the major clinical trials for the primary care physician (Grumbach) 437-r; (Neighbor) 469-e
Chronic Disease. The prevalence of selected chronic diseases among the Mexican-American elderly: data from the 1982-1984 Hispanic Health and Nutrition Examination Survey (Espino & others) 217-oa
Circumcision. Dorsal penile nerve block during newborn circumcision: underutilization of a proven tech-

nique (Ganiats & Schmidt) 66-c; (Toffler & others) 67-ac

Clinical Trials. A large-scale, office-based study evaluates the use of a new class of nonsedating antihistamines (Solin) 68-c; (Stelmach) 69-ac

Clofibrate. How effective is drug treatment of hypercholesterolemia? A guided tour of the major clinical trials for the primary care physician (Grumbach) 437-r; (Neighbor) 469-e

Cocaine. Prevalence of cocaine and marijuana use among pregnant women in a military health care setting (Brunader & others) 395-oa

Cognition Disorders. Group screening for cognition disorders in elderly persons (Rizzolo & others) 131-oa; (Kirk) 371-c; (Rizzolo) 372-ac

Colitis. Collagenous colitis as a cause of chronic diarrhea (Henley) 55-cr

Computers. The effect of microcomputer-generated reminders on influenza vaccination rates in a university-based family practice center (Chambers & others) 19-oa

Confidentiality. Preemployment evaluations: dilemmas for the family physician (Holleman & Matson) 95-mp; (Criswell) 276-c; Fung & Kennon 372-c; (Gillette) 373-c; (Holleman & Matson) 373-ac

Contraception. Contraception—a look forward, part I: new spermicides and natural family planning (Woolley) 33-r; part II: mifepristone and gossypol (Woolley) 103-r; part III: inhibin and brain-enhanced estrogen delivery (Woolley) 159-r; (Stanford) 277-c; (Woolley) 278-ac

Coronary Disease. Low high-density lipoprotein cholesterol and other coronary heart disease risk factors in patients with total cholesterol levels greater than 5.17 mmol/L (200 mg/dL) in family practice (CEN) 285-oa

Counseling. Counseling patients about HIV test results (Goldschmidt & Legg) 361-crHIV

Dementia. Group screening for cognition disorders in elderly persons (Rizzolo & others) 131-oa; (Kirk) 371-c; (Rizzolo) 372-ac

Depression. Depression: are we too busy to listen? (Gulledge) 271-e

Recognizing depression: a comparison of family physician ratings, self-report, and interview measures (Coyne & others) 207-oa

Diabetes mellitus. The prevalence of selected chronic diseases among the Mexican-American elderly: data from the 1982-1984 Hispanic Health and Nutrition Examination Survey (Espino & others) 217-oa

Diagnosis. Adenocarcinoma of the stomach: a plea for early diagnosis (Godreau & others) 171-br

Depression: are we too busy to listen? (Gulledge) 271-e

Diagnosis and management of infectious vaginitis (Mengel & Davis) 67-c

Recognizing depression: a comparison of family physician ratings, self-report, and interview measures (Coyne & others) 207-oa

Diagnosis, Laboratory. The effects of the rapid strep test on physician management of streptococcal pharyngitis (Bryars & others) 139-oa; (McIntyre) 371-c; (Mohaupt) 478-c

Experience with rapid latex agglutination testing for group A streptococcal pharyngitis in a pediatric group office laboratory (Wiedermann & others) 79-oa

Intestinal parasites in Cambodians: comparison of diagnostic methods used in screening refugees with implications for treatment of populations with high rates of infestation (Lurio & others) 71-oa

Diarrhea. Collagenous colitis as a cause of chronic diarrhea (Henley) 55-br

Diet. Dietary calcium supplementation as a treatment for mild hypertension (Tanji & others) 145-oa; (Feighner) 477-c; (Goldman) 478-c, (Tanji) 478-ac

Dietary Fiber. Are oat products effective cholesterol lowering agents? (Nuovo) 229-e

Drug Information Services. Pharmaceutical expiration dating advice given by retail pharmacists (Brown & Brown) 407-oa

Drug Interactions. Sinusoidal fetal heart rate pattern after administration of nalbuphine (Zeller & others) 261-br

Drugs. Contraception—a look forward, part I: new spermicides and natural family planning (Woolley) 33-r; part II: mifepristone and gossypol (Woolley) 103-r; part III: inhibin and brain-enhanced estrogen delivery (Woolley) 159-r; (Stanford) 277-c; (Woolley) 278-ac

How effective is drug treatment of hypercholesterolemia? A guided tour of the major clinical trials for the primary care physician (Grumbach) 437-r; (Neighbor) 469-e

Hypothyroidism resulting from generic levothyroxine failure (Dong & Brown) 167-br

Sinusoidal fetal heart rate pattern after administration of nalbuphine (Zeller & others) 261-br

Treatment of AIDS and HIV-related conditions (Goldschmidt & Dong) 178-crHIV

Drug Therapy. Anxiety and substance use disorders: the treatment of high-risk patients (Landry & others) 447-r

Buspirone effects on tobacco withdrawal symptoms: a pilot study (Robinson & others) 89-oa

The effect of pseudoephedrine on blood pressure in patients with controlled uncomplicated hypertension: a randomized, double-blind, placebo-controlled trial (Bradley & others) 201-oa

How effective is drug treatment of hypercholesterolemia? A guided tour of the major clinical trials for the primary care physician (Grumbach) 437-r; (Neighbor) 469-e

A large-scale, office-based study evaluates the use of a new class of nonsedating antihistamines (Solin) 68-c; (Stelmach) 69-ac

Recommendations for treatment of acute Pneumocystis carinii pneumonia (Goldschmidt) 58-crHIV
Treatment of AIDS and HIV-related conditions (Goldschmidt & Dong) 178-crHIV
Ear. Squamous cell carcinoma of the ear masquerading as malignant otitis externa (Varma & Parler) 263-br
Editorials. After professionalism, what? (Stephens) 192-e
Blood cholesterol lowering in elderly patients (Froom) 61-e
Depression: are we too busy to listen? (Gulledge) 271-e
New horizons for JABFP (Geyman) 62-e
Genograms, generalizability, quantities, and qualities (Berg) 468-e
Measures of clinical effectiveness: the numbers needed to treat (Neighbor) 469-e
Outcomes research, patient preference, and the primary care physician (Wennberg) 365-ec
Probing the mystery of clinical work (Stephens) 364-e
The real enemies: obesity, inactivity and tobacco consumption (Froom) 269-e
Reflections of an AIDS doctor (Carmichael) 473-e
Toward reduction of a neonatal mortality (Goldenberg) 367-ec
Traumatic evolution: recent changes in British general practice (Fry) 125-e
Who cares that the physician is a person, too (Gulledge) 147-e
Education, Medical. Isn't it time for one family of generalists (Kazal) 196-c
Success strategies for departments of family medicine (Taylor & others) 427-sp
Electrosurgery. Fundamentals of electrosurgery (Hainer) 419-mp
Emergency Medical Services. A rural-urban comparison of prehospital emergency medical services in Nebraska (Stripe & Susman) 313-oa
Endoscopy. Teaching lower gastrointestinal endoscopy: a comparison of family medicine and internal medicine residencies (Crump & Phelps) 1-oa
Entamoeba histolytica. Intestinal parasites in Cambodians: comparison of diagnostic methods used in screening refugees with implications for treatment of populations with high rates of infestation (Lurio & others) 71-oa
Epidemiology. Epidemiological abuse (Morris) 69-c; (Sugarman) 128-c; (Stephens) 129-c; (Yoder) 199-c
The epidemiology of bacterial meningitis (Walling & others) 307-oa
Erythema Nodosum. Cat-scratch disease associated with erythema nodosum (Pocock & Katner) 345-br
Esophagogastroduodenoscopy. Adenocarcinoma of the stomach: a plea for early diagnosis. (Godreau & others) 171-br
Ethics. Preemployment evaluations: dilemmas for the family physician (Holleman & Matson) 95-mp; (Criswell) 276-c; (Fung & Kennon) 372-c; (Gillette) 373-c; (Holleman & Matson) 373-ac
Family Physicians. see Physicians, Family
Family Planning. Contraception—a look forward, part I: new spermicides and natural family planning (Woolley) 33-r; part II: mifepristone and gossypol (Woolley) 103-r; part III: inhibin and brain-enhanced estrogen delivery (Woolley) 159-r; (Stanford) 277-c; (Woolley) 278-ac
Family Practice. After professionalism, what? (Stephens) 193-e
Being there: on the place of the family physician (Loxterkamp) 354-sp
The best ideal in family practice (Stephens) 223-sp; (Anderson) 479-c
Converting the stress of medical practice into personal and professional growth: 5 years of experience with a psychodynamic and supervision group (Eubank & others) 151-mp
The effect of microcomputer-generated reminders on influenza vaccination rates in a university-based family practice center (Chambers & others) 19-oa
Hemorrhoids: associated pathologic conditions in a family practice population (Trilling & others) 389-oa
Isn't it time for one family of generalists (Kazal) 196-c
Low high-density lipoprotein cholesterol and other coronary heart disease risk factors in patients with total cholesterol levels greater than 5.17 mmol/L (200 mg/dL) in family practice (CEN) 285-oa
Nicholas J. Pisacano, M.D., endowed chair (University of Kentucky) 381
Practice style differences between family physicians and internists (Conry & others) 399-oa
Preemployment evaluations: dilemmas for the family physician (Holleman & Matson) 95-mp; (Criswell) 276-c; (Fung & Kennon) 372-c; (Gillette) 373-c; (Holleman & Matson) 373-ac
Probing the mystery of clinical work (Stephens) 364-e
Reorganizing a family practice center: strategy to save a residency program at a financially troubled hospital (Matthies) 27-mp
Success strategies for departments of family medicine (Taylor & others) 427-sp
Teaching lower gastrointestinal endoscopy: a comparison of family medicine and internal medicine residencies (Crump & Phelps) 1-oa
Traumatic evolution: recent changes in British general practice (Fry) 125-e
Variations among family physicians' management strategies for lower urinary tract infection in women: a report from the Washington Family Physicians Collaborative Research Network (Berg) 327-mp; (Wennberg) 365-ec
Fetal Distress. Vasa previa: an unusual cause of fetal distress (Bright & Becker) 465-br

Fetal Monitoring. Sinusoidal fetal heart rate pattern after administration of nalbuphine (Zeller & others) 261-br

Financial Management. Reorganizing a family practice center: strategy to save a residency program at a financially troubled hospital (Matthies) 27-mp

Folliculostatin. see Inhibin

Foreign Professional Personnel. Traumatic evolution: recent changes in British general practice (Fry) 125-e

Fractures, Penile. Penile fractures (Brotzman) 351-br

Gemfibrizol. How effective is drug treatment of hypercholesterolemia? A guided tour of the major clinical trials for the primary care physician (Grumbach) 437-e; (Neighbor) 469-e

Generic Equivalency. see Therapeutic Equivalency

Genograms. The SAGE-PAGE trial: do family genograms make a difference? (Rogers & Rohrbaugh) 319-oa; (Berg) 468-e

Geriatric Examination. Board news (Young) 370-bn

Geriatrics. Group screening for cognition disorders in elderly persons (Rizzolo & others) 131-oa; (Kirk) 371-c; (Rizzolo) 372-ac

Guest editorial: blood cholesterol lowering in elderly patients (Froom) 61-e; (Crouch) 196-c; (Froom) 198-c

Pancytopenia associated with hypothermia (Daly & Rosenfarb) 123-br

Preoperative evaluation of the elderly (King) 251-r

The prevalence of selected chronic diseases among the Mexican-American elderly: data from the 1982-1984 Hispanic Health and Nutrition Examination Survey (Espino & others) 217-oa

Giant Cell Arteritis. see Temporal Arteritis

Gossypol. Contraception—a look forward, part II: mifepristone and gossypol (Woolley) 103-r; (Stanford) 277-c; (Woolley) 278-ac

Great Britain. Traumatic evolution: recent changes in British general practice (Fry) 125-e

Group Therapy. see Psychotherapy, Group

Haemophilus Influenzae. The epidemiology of bacterial meningitis (Walling & others) 307-oa

Hay Fever. A large-scale, office-based study evaluates the use of a new class of nonsedating antihistamines (Solin) 68-c; (Stelmach) 69-ac

Health Planning. Intestinal parasites in Cambodians: comparison of diagnostic methods used in screening refugees with implications for treatment of populations with high rates of infestation (Lurio & others) 71-oa

Health Services, Preconception. Preconception health care: a critical task for family physicians (Gjerdingen & Fontaine) 237-r

Health Services, Preventive. see Preventive Medicine

Heart Diseases. The prevalence of selected chronic diseases among the Mexican-American Elderly: data from the 1982-1984 Hispanic Health and Nutrition Examination Survey (Espino & others) 217-oa

see also Coronary Disease; Vascular Diseases

Hematocrit. Temporal arteritis: an atypical presentation (Nuovo) 115-br

Temporal arteritis with normal erythrocyte sedimentation rate (Ganiats) 119-cr; (Young) 122-ec

Hemorrhoids. Hemorrhoids: associated pathologic conditions in a family practice population (Trilling & others) 389-oa

Hepatitis B. Low-dose intradermal hepatitis B vaccination (Smith) 276-c

Hispanic Americans. The prevalence of selected chronic diseases among the Mexican-American elderly: data from the 1982-1984 Hispanic Health and Nutrition Examination Survey (Espino & others) 217-oa

Histamine H1 Receptor Blockaders. A large-scale, office-based study evaluates the use of a new class of nonsedating antihistamines (Solin) 68-c; (Stelmach) 69-ac

HIV. Counseling patients about HIV test results (Goldschmidt & Legg) 361-crHIV

Recommendations for treatment of acute Pneumoncystis carinii pneumonia (Goldschmidt) 58-crHIV

Reflections of an "AIDS doctor" (Carmichael) 473-e

Treatment of AIDS and HIV-related conditions (Goldschmidt & Dong) 178-crHIV

Hypercholesterolemia. Are oat products effective cholesterol lowering agents? (Nuovo) 229-r

Blood cholesterol lowering in elderly patients (Froom) 61-e; (Crouch) 196-c; (Froom) 198-c

How effective is drug treatment of hypercholesterolemia? A guided tour of the major clinical trials for the primary care physician (Grumbach) 437-r; (Neighbor) 469-e

Low high-density lipoprotein cholesterol and other coronary heart disease risk factors in patients with total cholesterol levels greater than 5.17 mmol/L (200 mg/dL) in family practice (CEN) 285-oa

Screening 1140 fifth graders for hypercholesterolemia: family history inadequate to predict results (Kelly) 69-c; (Bell) 70-ac

Hyperlipidemia. Are oat products effective cholesterol lowering agents? (Nuovo) 229-r

Hypersensitivity. A large-scale, office-based study evaluates the use of a new class of nonsedating antihistamines (Solin) 68-c; (Stelmach) 69-ac

Hypertension. Dietary calcium supplementation as a treatment for mild hypertension (Tanji & others) 145-oa; (Feighner) 477-c; (Goldman) 478-c; (Tanji) 478-ac

The effect of pseudoephedrine on blood pressure in patients with controlled uncomplicated hypertension: a randomized, double-blind, placebo-controlled trial (Bradley & others) 201-oa

The prevalence of selected chronic diseases among the Mexican-American elderly: data from the 1982-1984

Hispanic Health and Nutrition Examination Survey (Espino & others) 217-oa

Hypothermia. Pancytopenia associated with hypothermia (Daly & Rosenfarb) 123-br

Hypothyroidism. Hypothyroidism resulting from generic levothyroxine (Dong & Brown) 167-br

Infant Mortality. Neonatal mortality clusters: a new tool for classifying neonatal outcomes (Rosenblatt & others) 299-oa; (Goldenberg) 356-ec

Influenza Vaccine. The effect of microcomputer-generated reminders on influenza vaccination rates in a university-based family practice center (Chambers & others) 19-oa

Inhibin. Contraception—a look forward, part III: inhibin and brain-enhanced estrogen delivery (Woolley) 159-r; (Stanford) 277-c; (Woolley) 278-ac

Intelligence Tests. Group screening for cognition disorders in elderly persons (Rizzolo & others) 131-oa; (Kirk) 371-c; (Rizzolo) 372-ac

Internal Medicine. Isn't it time for one family of generalists (Kazal) 196-c

Practice style differences between family physicians and internists (Conry & others) 399-oa

Teaching lower gastrointestinal endoscopy: a comparison of family medicine and internal medicine residencies (Crump & Phelps) 1-oa

Intestinal Diseases, Parasitic. Intestinal parasites in Cambodians: comparison of diagnostic methods used in screening refugees with implications for treatment of populations with high rates of infestations (Lurio & others) 71-oa

Journal of the American Board of Family Practice. New horizons for JABFP (Geyman) 62-e

Korea. Temporal arteritis: an atypical presentation (Nuovo) 115-br; (Young) 122-ec

Labor. Intrapartum intervention and delivery outcome in low-risk pregnancy (Olson & others) 83-oa

Sinusoidal fetal heart rate pattern after administration of nalbuphine (Zeller & others) 261-br

Levothyroxine. Hypothyroidism resulting from generic levothyroxine (Dong & Brown) 167-br

Lipoproteins, HDL. Low high-density lipoprotein cholesterol and other coronary heart disease risk factors in patients with total cholesterol levels greater than 5.17 mmol/L (200 mg/dL) in family practice (CEN) 285-oa

Lung Diseases. Recommendations for treatment of acute Pneumocystis carinii pneumonia (Goldschmidt) 58-crHIV

Marijuana. Prevalence of cocaine and marijuana use among pregnant women in a military health care setting (Brunader & others) 395-oa

Medical Informatics. The effect of microcomputer-generated reminders on influenza vaccination rates in a university-based family practice center (Chambers & others) 19-oa

Meningitis. The epidemiology of bacterial meningitis (Walling & others) 307-oa

Mental Health. Group screening for cognition disorders in elderly persons (Rizzolo & others) 131-oa; (Kirk) 371-c; (Rizzolo) 372-ac

Mental Tests. see Intelligence Tests

Methylprednisolone. Recommendations for treatment of acute Pneumocystis carinii pneumonia (Goldschmidt) 58-crHIV

Middle Ear Ventilation. An approach to difficult management problems in otitis media in children (Legler) 331-r

Mifepristone. Contraception—a look forward, part II: mifepristone and gossypol (Woolley) 103-r; (Stanford) 277-c; (Woolley) 278-ac

Military Personnel. Prevalence of cocaine and marijuana use among pregnant women in a military health care setting (Brunader & others) 395-oa

Mortality. Neonatal mortality clusters: a new tool for classifying neonatal outcomes (Rosenblatt & others) 299-oa; (Goldenberg) 367-ec

Nalbuphine. Sinusoidal fetal heart rate pattern after administration of nalbuphine (Zeller & others) 261-br

Nebraska. A rural-urban comparison of prehospital emergency medical services in Nebraska (Stripe & Susman) 313-oa

Neonatal Mortality. see Infant Mortality

Neonatology. Dorsal penile nerve block during newborn circumcision: underutilization of a proven technique (Ganiats & Schmidt) 66-c; (Toffler & others) 67-ac

Niacin. How effective is drug treatment of hypercholesterolemia? A guided tour of the major clinical trials for the primary care physician (Grumbach) 437-r; (Neighbor) 469-e

Nicotine. Buspirone effect on tobacco withdrawal symptoms: a pilot study (Robinson & others) 89-oa

Oat Products. see Dietary Fiber

Obesity. The real enemies: obesity, inactivity, and tobacco consumption (Froom) 269-e

Obstetrics. Intrapartum intervention and delivery outcome in low-risk pregnancy (Olson & others) 83-oa

Postpartum urinary retention (Saultz & others) 341-r

Prevalence of cocaine and marijuana use among pregnant women in a military health care setting (Brunader & others) 395-oa

Sinusoidal fetal heart rate pattern after administration of nalbuphine (Zeller & others) 261-br

Vasa previa: an unusual cause of fetal distress (Bright & Becker) 465-br

Occupational Medicine. Preemployment evaluations: dilemmas for the family physician (Holleman & Matson) 95-mp; (Criswell) 276-c; (Fung & Kennon) 372-c; (Gillette) 373-c; (Hollemna & Matson) 373-ac

Otitis Externa. Squamous cell carcinoma of the ear masquerading as malignant otitis externa (Varma & Parler) 263-br

Otitis Media. An approach to difficult management problems in otitis media in children (Legler) 331-r

Outpatient Clinic. see Ambulatory Care Facilities

Oxytocin. Intrapartum intervention and delivery outcome in low-risk pregnancy (Olson & others) 83-oa

Pancytopenia. Pancytopenia associated with hypothermia (Daly & Rosenfarb) 123-br

Parvovirus Infections. Occult hereditary spherocytosis and human parvovirus infection (Cutlip & others) 461-br

Patient Compliance. The effect of microcomputer-generated reminders on influenza vaccination rates in a university-based family practice center (Chambers & others) 19-oa

Postvasectomy semen analysis: why patients don't follow-up (Smucker & others) 5-oa; (Stulberg) 199-c; (Smucker) 199-c

Patient Education. Impact of a patient education intervention on appropriate utilization of clinic services (Bertakis) 411-oa

Peer Group. Converting the stress of medical practice to personal and professional growth: 5 years of experience with a psychodynamic support and supervision group (Eubank & others) 151-mp; (Gulledge) 157-ec

Pentamidine. Recommendations for treatment of acute Pneumocystis carinii pneumonia (Goldschmidt) 58-crHIV

Perinatology. Neonatal mortality clusters: a new tool for classifying neonatal outcomes (Rosenblatt & others) 299-oa; (Goldenberg) 367-ec

Perinatal testicular torsion (Zuber & Mohamed) 259-br

Pharyngitis. The effects of the rapid strep test on physician management of streptococcal pharyngitis (Bryars & others) 139-oa; (McIntyre) 371-c; (Mohaupt) 478-c

Experience with rapid latex agglutination testing for group A streptococcal pharyngitis in a pediatric group office laboratory (Wiedermann & others) 79-oa

Physical Examination. Preconception health care: a critical task for family physicians (Gjerdingen & Fontaine) 237-r

Preemployment evaluations: dilemmas for the family physician (Holleman & Matson) 95-mp; (Criswell) 276-c; (Fung & Kennon) 372-c; (Gillette) 373-c; (Holleman & Matson) 373-ac

Preoperative evaluation of the elderly (King) 251-r

Physician Impairment. Converting the stress of medical practice to personal and professional growth: 5 years experience with a psychodynamic support and supervision group (Eubank & others) 151-mp; (Gulledge) 157-ec

Physician-Patient Relationships. Being there: on the place of the family physician (Loxterkamp) 354-sp

Preemployment evaluations: dilemmas for the family physician (Holleman & Matson) 95-mp; (Criswell) 276-c; (Fung & Kennon) 372-c; (Gillette) 373-c; (Holleman & Matson) 373-ac

The SAGE-PAGE trial: do family genograms make a difference? (Rogers & Rohrbaugh) 319-oa; (Berg) 468-e

Physicians, Family. After professionalism, what? (Stephens) 193-e

Being there: on the place of the family physician (Loxterkamp) 354-sp

The best ideal in family practice (Stephens) 223-sp; (Anderson) 479-c

Converting the stress of medical practice to personal and professional growth: 5 years of experience with a psychodynamic support and supervision group (Eubank & others) 151-mp; (Gulledge) 157-ec

Depression: are we too busy to listen (Gulledge) 271-e

The effects of the rapid strep test on physician management of streptococcal pharyngitis (Bryars & others) 139-oa; (McIntyre) 371-c; (Mohaupt) 478-c

The need for family medicine in the academic medical center (Wall) 277-c

Outcomes research, patient preference, and the primary care physician (Wennberg) 365-ec

Practice style differences between family physicians and internists (Conry & others) 399-oa

Preconception health care: a critical task for family physicians (Gjerdingen & Fontaine) 237-r

Preemployment evaluations: dilemmas for the family physician (Holleman & Matson) 95-mp; (Criswell) 276-c; (Fung & Kennon) 372-c; (Gillette) 373-c; (Holleman & Matson) 373-ac

Recognizing depression: a comparison of family physician ratings, self-report, and interview measures (Coyne & others) 207-oa

Reflections of an "AIDS doctor" (Carmichael) 473-e

The SAGE-PAGE trial: do family genograms make a difference? (Rogers & Rohrbaugh) 319-oa; (Berg) 468-e

Teaching lower gastrointestinal endoscopy: a comparison of family medicine and internal medicine residencies (Crump & Phelps) 1-oa

Pisacano, Nicholas J. Nicholas J. Pisacano, M.D., endowed chair (University of Kentucky) 381

Pituitary Adenoma. Transient cerebrospinal fluid rhinnorhea, blurred vision, and headache as presenting symptoms of pituitary adenoma (Bell) 347-br

Pneumocystis carinii. Recommendations for treatment of acute Pneumocystis carinii pneumonia (Goldschmidt) 58-crHIV

Treatment of AIDS and HIV-related conditions (Goldschmidt & Dong) 178-crHIV

Polyps. Hemorrhoids: associated pathologic conditions in a family practice population (Trilling & others) 389-oa

Practice Management, Medical. Traumatic evolution: recent changes in British general practice (Fry) 125-e
Preconception Health Care. see Health Services
Prednisone. Recommendations for treatment of acute Pneumocystis carinii pneumonia (Goldschmidt) 58-crHIV
Pregnancy. see Obstetrics
Pregnancy Complications. Vasa previa: an unusual cause of fetal distress (Bright & Becker) 465-br
Prehospital Emergency Care. see Emergency Medical Services
Preoperative Care. Preoperative evaluation of the elderly (King) 251-r
Preventive Medicine. Preoperative evaluation of the elderly (King) 251-r
The real enemies: obesity, inactivity and tobacco consumption (Froom) 269-e
Rural patients' interests in preventive medical care (Stanford & Solberg) 11-oa
Screening 1140 fifth graders for hypercholesterolemia: family history inadequate to predict results (Kelly) 69-c; (Bell) 70-ac
Pseudoephedrine. The effect of pseudoephedrine on blood pressure in patients with controlled uncomplicated hypertension: a randomized, double-blind, placebo-controlled trial (Bradley & others) 201-oa
Psychoactive Drugs. see Psychotropic Drugs
Psychological Theory. Probing the mystery of clinical work (Stephens) 364-e
Psychotherapy, Group. Converting the stress of medical practice to personal and professional growth: 5 years of experience with a psychodynamic support and supervision group (Eubank & others) 151-mp; (Gulledge) 157-ec
Psychotropic Drugs. Anxiety and substance use disorders: the treatment of high-risk patients (Landry & others) 447-r
Pulmonary Disorders. see Lung Diseases
Purpura. Post-transfusion purpura (Vincent & Willett) 175-br; (Greenway) 477-c; (Vincent & Willett) 477-ac
Recertification Examination. see Certification Examination
Rectal Fistula. Hemorrhoids: associated pathologic conditions in a family practice population (Trilling & others) 389-oa
Refugees. Intestinal parasites in Cambodians: comparison of diagnostic methods used in screening refugees with implications for treatment of populations with high rates of infestation (Lurio & others) 71-oa
Research Design. Neonatal mortality clusters: a new tool for classifying neonatal outcomes (Rosenblatt & others) 299-oa; (Goldenberg) 367-ec
Outcomes research, patient preference, and the primary care physician (Wennberg) 364-ec
Residency, Medical. Reorganizing a family practice center: strategy to save a residency program at a financially troubled hospital (Matthies) 27-mp
Teaching lower gastrointestinal endoscopy: a comparison of family medicine and internal medicine residencies (Crump & Phelps) 1-oa
Review Articles. Anxiety and substance use disorders: a primer for primary care physicians (Landry & others) 47-r
Anxiety and substance use disorders: the treatment of high-risk patients (Landry & others) 447-r
An approach to difficult management problems in otitis media in children (Legler) 331-r
Are oat products effective cholesterol lowering agents? (Nuovo) 229-r
Contraception—a look forward, part I: new spermicides and natural family planning (Woolley) 33-r; part II: mifepristone and gossypol (Woolley) 103-r; part III: inhibin and brain-enhanced estrogen delivery (Woolley) 159-r; (Stanford) 277-c; (Woolley) 278-ac
How effective is drug treatment of hypercholesterolemia? A guided tour of the major clinical trials for the primary care physician (Grumbach) 437-r; (Neighbor) 469-e
Postpartum urinary retention (Saultz & others) 341-r
Preconception health care: a critical task for family physicians (Gjerdingen & Fontaine) 237-r
Preoperative evaluation of the elderly (King) 251-r
Rhinitis, Allergic, Perennial. A large-scale, office-based study evaluates the use of a new class of non-sedating antihistamines (Solin) 68-c; (Stelmach) 69-ac
Rhinitis, Allergic, Seasonal. see Hay Fever
Role, Physicians. After professionalism, what? (Stephens) 193-e
Being there: on the place of the family physician (Loxterkamp) 354-sp
The best ideal in family practice (Stephens) 223-sp; (Anderson) 479-c
Reflections of an "AIDS doctor" (Carmichael) 473-e
Rural Health. Rural patients' interests in preventive medical care (Stanford & Solberg) 11-oa
Self Care. Impact of a patient education intervention on appropriate utilization of clinic services (Bertakis) 411-oa
Semen. Postvasectomy semen analysis: why patients don't follow-up (Smucker & others) 5-oa; (Stulberg) 199-c; (Smucker) 199-ac
Sexually Transmitted Diseases. Diagnosis and management of infectious vaginitis (Mengel & Davis) 67-c
Sigmoidoscopy. Hemorrhoids: associated pathologic conditions in a family practice population (Trilling & others) 389-oa
Smoking. Buspirone effect on tobacco withdrawal symptoms: a pilot study (Robinson & others) 89-oa
Special Communication. Being there: on the place of the family physician (Loxterkamp) 354-sp

The best ideal in family practice (Stephens) 223-sp; (Anderson) 479-c
Success strategies for departments of family medicine (Taylor & others) 427-sp
Specialties, Medical. Isn't it time for one family of generalists (Kazal) 196-c
Practice style differences between family physicians and internists (Conry & others) 399-oa
Spermatic Cord Torsion. Perinatal testicular torsion (Zuber & Mohamed) 259-br
Spermatocidal Agents. Contraception—a look forward, part I: new spermicides and natural family planning (Woolley) 33-r; (Stanford) 277-c; (Woolley) 278-ac
Sperm Count. Postvasectomy semen analysis: why patients don't follow-up (Smucker & others) 5-oa; (Stulberg) 199-c; (Smucker) 199-ac
Spherocytosis, Hereditary. Occult hereditary spherocytosis and human parvovirus infection (Cutlip & others) 461-br
Sports Medicine Examination. Board news (Young) 370-bn
Stomach Neoplasms. Adenocarcinoma of the stomach: a plea for early diagnosis (Godreau & others) 171-br
Streptococcal Infections. The effects of the rapid strep test on physician management of streptococcal pharyngitis (Bryars & others) 139-oa; (McIntyre) 371-c; (Mohaupt) 478-c
The epidemiology of bacterial meningitis (Walling & others) 307-oa
Experience with rapid latex agglutination testing for group A streptococcal pharyngitis in a pediatric group office laboratory (Wiedermann & others) 79-oa
Stress. Converting the stress of medical practice to personal and professional growth: 5 years of experience with a psychodynamic support and supervision group (Eubank & others) 151-mp; (Gulledge) 157-ec
Strongyloidea. Intestinal parasites in Cambodians: comparison of diagnostic methods used in screening refugees with implications for treatment of populations with high rates of infestation (Lurio & others) 71-oa
Substance Use Disorders. Anxiety and substance use disorders: a primer for primary care physicians (Landry & others) 47-r
Anxiety and substance use disorders: the treatment of high-risk patients (Landry & others) 447-r
Substance Withdrawal Syndrome. Buspirone effect on tobacco withdrawal symptoms: a pilot study (Robinson & others) 89-oa
Temporal Arteritis. Temporal arteritis: an atypical presentation (Nuovo) 115-br; (Young) 122-ec
Temporal arteritis with normal erythrocyte sedimentation rate (Ganiats) 119-br; (Young) 122-ec
Terfenadine. A large-scale, office-based study evaluates the use of a new class of nonsedating antihistamines (Solin) 68-c; (Stelmach) 69-ac
Testicular Torsion. see Spermatic Cord Torsion
Therapeutic Equivalency. Hypothyroidism resulting from generic levothyroxine (Dong & Brown) 167-br
Thrombocytopenia. Post-transfusion purpura (Vincent & Willett) 175-br; (Greenway) 477-c; (Vincent & Willett) 477-ac
Tobacco. The real enemies: obesity, inactivity, and tobacco consumption (Froom) 269-3
Tobacco Use Disorder. Buspirone effect on tobacco withdrawal symptoms: a pilot study (Robinson & others) 89-oa
Triglycerides. Low high-density lipoprotein cholesterol and other coronary heart disease risk factors in patients with total cholesterol levels greater than 5.17 mmol/L (200 mg/dL) in family practice (CEN) 285-oa
Trimethoprim-Sulfamethoxazole Combination. Recommendations for treatment of acute Pneumocystis carinii pneumonia (Goldschmidt) 58-crHIV
Tympanostomy Tube Insertion. see Middle Ear Ventilation
Urinary Retention. Postpartum urinary retention (Saultz & others) 341-r
Urinary Tract Infections. Variations among family physicians' management strategies for lower urinary tract infection in women: a report from the Washington Family Physicians Collaborative Research Network (Berg) 327-oa; (Wennberg) 365-ec
Vaccination. The effect of microcomputer-generated reminders on influenza vaccination rates in a university-based family practice center (Chambers & others) 19-oa
Low-dose intradermal hepatitis B vaccination (Smith) 276-c
Varicella. Septic arthritis associated with chickenpox (Feierabend) 457-br
Vascular Diseases. Low high-density lipoprotein cholesterol and other coronary heart disease risk factors in patients with total cholesterol levels greater than 5.17 mmol/L (200 mg/dL) in family practice (CEN) 285-oa
Vasectomy. Postvasectomy semen analysis: why patients don't follow-up (Smucker & others) 5-oa; (Stulberg) 199-c; (Smucker) 199-ac
Vasculitis. Temporal arteritis: an atypical presentation (Nuovo) 115-br; (Young) 122-ec
Temporal arteritis with normal erythrocyte sedimentation rate (Ganiats) 119-cr; (Young) 122-ec
Women. Variations among family physicians' management strategies for lower urinary tract infection in women: a report from the Washington Family Physicians Collaborative Research Network (Berg) 327-oa
Work Capacity Evaluation. Preemployment evaluations: dilemmas for the family physicians (Holleman & Matson) 95-mp; (Criswell) 276-c; (Fung & Kennon) 372-c; (Gillette) 373-c; (Holleman & Matson) 373-ac
